Fund Facts – FORTRESS[®]2 Funds

This section of the Information Folder contains individual Fund Facts for each segregated fund available through your FORTRESS 2 contract. You can choose to invest in one or more of these funds.

The individual Fund Facts give you an idea of what each segregated fund invests in, how it has performed and what fees or charges may apply. The investment and performance information included in the Fund Facts is based on the most recent audited financial statements.

The top of each Fund Facts identifies the name of the segregated fund contract – **FORTRESS² Funds**. Below that is the name of the fund that is being described in the Fund Facts.

The following section defines many of the terms in the Fund Facts and will provide you with helpful information for understanding each Fund Facts.

Glossary of Terms

Quick Facts:

The following information comprises the “Quick Facts” section:

- **Date Fund Created:** The date which the segregated fund became available for purchase as an investment option under the contract.
- **Total Value:** The dollar figure representing total market value of assets within the fund.
- **Net Asset Value per Unit:** The dollar value of each unit notionally held within a segregated fund, calculated as follows: Total value divided by the number of units outstanding.
- **Number of Units Outstanding:** The number of units notionally held by contractholders in the Fund.
- **Management Expense Ratio:** The combination of the management fee, insurance fee, operating expenses, and any applicable sales taxes charged to the fund, divided by the average fund value of the assets managed. The MER of the fund includes the MER of the underlying fund.

MER varies by fund. The MER indicated is based on the 2018 audited financial statements. Current MERs will be available on-line and upon request once the 2019 audited financial statements are completed, usually 4 months after year-end.

- **Portfolio Manager:** A firm who controls the assets within the underlying fund. The portfolio manager monitors and selects appropriate investments based on the investment objective of the underlying fund.
- **Portfolio Turnover Rate:** The Fund's portfolio turnover rate indicates how actively the Fund's portfolio advisor manages its portfolio investments. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the year. The higher a fund's portfolio turnover rate in a year, the greater the trading costs payable by the fund in the year, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high turnover rate and the performance of a fund.
- **Minimum Investment:** The minimum amount that is needed to purchase a contract or units of a particular fund.

What does this fund invest in?

This section provides a brief statement describing what the segregated fund invests in. The Fund holds underlying fund(s). The top 10 investments of the underlying fund are listed.

The Investment Segmentation pie chart shows you what types of securities the underlying fund invests in. It will give you an idea of the asset mix for the fund.

How has the fund performed?

This section tells you how the fund has performed over the past 10 years. Returns shown are after the MER has been deducted.

It's important to note that this doesn't tell you how the fund will perform in the future. Also, your actual return will depend on your personal tax situation.

Average return

This shows the amount of money a person would have now if they invested \$1000 in the Fund, and the average percent per year which investment in the fund for a specific period would work out to.

Year-by-Year Return

This is a bar chart showing how the fund has performed in each of the past 10 years, or less if applicable. The bar chart indicates the number of years the fund increased or decreased in value.

How risky is it?

The value of your investments can go down. The level of risk that is suitable for you will depend on a number of factors such as your investment goals and risk tolerance. Speak to your Representative to determine the appropriate funds for you in your particular circumstances. This chart indicates the risk by measuring the amount of price change in the fund over a one month period.

Are there any guarantees?

Your contract has certain guarantees that protect the value of your investment at a certain maturity date and at death. At other times, the value of your investment will go up or down. The MER includes the insurance cost for the guarantee. For details please refer to the information folder and contract.

Who is this fund for?

This section describes the type of investor the Fund would be suitable for. Speak to your Representative to determine your investment goals and tolerance for risk.

How much does it cost?

The section outlines the fees and expenses you could pay to buy, own and sell units of the fund. Your contract has Early Withdrawal Charges, which are surrender charges you must pay if you withdraw money from the contract within five years after the purchase. You also pay annual MER charges which are deducted from the fund. This section describes the commission that is paid to your Representative when you purchase your contract, and the trailing commissions that your Representative will receive for services provided. Fees that may be applied on withdrawals and transfers between funds are also described here.

What if I change my mind?

This section provides information on what you can do if you change your mind about the purchase/transaction in a fund. It tells you what you need to do and within what period of time you need to do it.

What if I change my mind?

You can change your mind about your investment in a fund within two business days of the earlier of the date you received confirmation or five business days after it is mailed. You can also change your mind about subsequent transactions you make under the contract within two business days of the earlier of the date you received confirmation or five business days after it is mailed. In this case the right to cancel only applies to the new transaction.

You have to tell your insurer in writing, by email, fax or letter, that you want to cancel. The amount returned will be the lesser of the amount you invested, or the value of the fund if it has gone down. The amount returned only applies to the specific transaction and will include a refund of any sales charges or other fees you paid.

How risky is it?

The value of your investments can go down. Please see *Part C – Investment Policies and Risk Factors* in the Information Folder for further details.

Are there any guarantees?

This segregated fund is being offered under an insurance contract. It comes with guarantees that may protect your investment if the markets go down. The MER includes the insurance cost for the guarantee. For details please refer to the Information Folder and contract.

Who is this fund for?

A person who is investing for the longer term, seeking the growth potential of Asian companies, but not including Japanese companies, and is comfortable with high risk. Since the fund invests in stocks its value is affected by stock prices, which can rise and fall in a short period of time.

How much does it cost?

The following sections show the fees and expenses you could pay to buy, own and sell units of the fund.

1. Early Withdrawal Charge (EWC)

What you pay		How it works
If you redeem units within:		<ul style="list-style-type: none"> When you invest, FaithLife Financial pays your Representative a commission of up to 5.0%. Any EWC you pay goes to FaithLife Financial. The EWC is a set rate. It is deducted from the amount you withdraw. RRIF payments are not charged EWC (see the contract for details).
1 year of purchasing your policy	5.0%	
2 years of purchasing your policy	4.0%	
3 years of purchasing your policy	3.0%	
4 years of purchasing your policy	2.0%	
5 years of purchasing your policy	1.0%	
After 5 years	0.0%	

2. Ongoing fund expenses

The management expense ratio (MER) includes the management fee and operating expenses of the fund. The MER includes the insurance cost for the guarantee. You do not pay these expenses directly. They affect you because they reduce the return you get on your investment. For details about how the guarantees work, see your insurance contract.

The fund's MER (annual rate as a percentage of the fund's value) is 2.95%.

Trailing commission

FaithLife Financial pays your Representative a trailing commission of up to 0.725% for as long as you own the fund. It is for the services and advice provided to you. The trailing commission is paid out of the management fee.

3. Other fees

In addition to any Early Withdrawal Charge (EWC) defined above, you may have to pay other fees when you surrender or transfer units of the fund.

Fee	What you pay
Partial withdrawal fee	<ul style="list-style-type: none"> No charge for the first partial withdrawal made in any calendar year. \$50 per partial withdrawal thereafter.
Transfer fee	<ul style="list-style-type: none"> No charge for the first four transfers made in any calendar year. \$50 per transfer thereafter.

What if I change my mind?

You can change your mind about your investment in a fund within two business days of the earlier of the date you received confirmation or five business days after it is mailed. You can also change your mind about subsequent transactions you make under the contract within two business days of the earlier of the date you received confirmation or five business days after it is mailed. In this case the right to cancel only applies to the new transaction.

You have to tell your insurer in writing, by email, fax or letter, that you want to cancel. The amount returned will be the lesser of the amount you invested, or the value of the fund if it has gone down. The amount returned only applies to the specific transaction and will include a refund of any sales charges or other fees you paid.
